## PARENT SURVEY

The annual Parent Council survey proves to be very beneficial in several ways.

First, it offers parents a chance to be on a volunteer list in their chosen area of interest or availability. (drivers for special events, dance chaperones, other school projects).

Secondly, the survey offers parents an opportunity to voice their opinions on a number of topics such as helping students choose courses to meet their career goals or to inquire about the curriculum changes that are presently occurring.

Most importantly, the survey provides a forum where parents can express ideas or concerns that can be directed to the Parent Council and the PCI administration.

In 2010 we had 99 surveys returned. This gave us a good base of parents willing to volunteer and support school activities.

These surveys are an excellent tool for establishing two way communication between parents and the school.

## PARENT COUNCIL ACTIVITIES

### SCHOOL PROFILE

Portage Collegiate Institute is a Grade 9-12 school with a population of 1047 students in the regular program and 40 students in the Mature Student program. As the only high school in the division, we serve Portage la Prairie and the surrounding district.

PCI has a professional staff of 67.925 full-time teachers, a part time school psychologist and AFM counsellor, and a support staff of 52 educational assistants, 5 secretarial staff, 4 canteen workers, 2.0 library assistants, and 9 custodians.
