

The Portage la Prairie School Division Trustees have been providing local educational leadership and decision making in our community since the school division was established on April 1, 1959. We understand local concerns, local needs and local issues. We encourage the citizens of Portage la Prairie to participate in the Manitoba Government K-12 Education Review. The trustees of the Portage la Prairie School Division are dedicated to the pursuit of excellence and we welcome the educational review, but we feel that schools belong to communities and decisions regarding education must be made locally.
