

File EOG

STUDENT EXTRA-CURRICULAR TRANSPORTATION

Extra-curricular transportation is requisitioned through the Principal and approved by the Supervisor of Operations. (See EOG-E). These requisitions become the records and reports for those trips.

The cost of such transportation will be charged against the school's transportation budget.

Where a school is representing the Division in finals at the provincial level, the Board may be approached to pay for reasonable transportation and accommodation costs from Division funds.
