### **BASIC INSTRUCTIONAL PROGRAM**

The Board recognizes and supports the development in students of sound curricular outcomes as specified by the Manitoba Education programs of studies.

The Board further supports the elements to be integrated into the curriculum as identified in **Renewing Education: New Directions, A Foundation for Excellence**, (1995), and especially the four foundation skills areas of literacy and communication, problem solving, human relations, and technology. It includes the updates and changes to the program, issued by Manitoba Education.
