File IED-E2

SENIOR YEARS TECHNOLOGY PROGRAM

The Senior Years Technology Education program consists of 14 compulsory credits and an approved cluster of 8 to 14 compulsory Technology Education credits. Students wishing to graduate from a Senior Years Technology Education Program must fulfill the minimum 30 credit graduation requirement. A cluster of Technology Education courses must be an approved group of 8-14 Department developed and/or approved courses which facilitate the transition from school to work.

Senior Years Technology Education Program Credits: 8 - 14
- A minimum of 8 to a maximum of 14 approved credits are required from within an approved Senior Years Technology Education Program cluster.
- Plus students must fulfill the minimum 30 credit graduation requirement by completing (0 to 6) credits from the optional category.
- To graduate with an approved **Senior Years Apprenticeship** Option, students must complete the 16 compulsory requirements and 8 approved Senior Years Apprenticeship Option credits, along with the optional credits (0 to 6).
- Students must meet the entrance requirements of the post-secondary education (college or university), training, or work situation they intend to pursue. Within the approved Senior Years Technology Education Program cluster, students must complete a minimum of two Grade 11 credits and two Grade 12 credits.

Note: School Initiated Courses (SICs) and Student Initiated Projects (SIPs) may be used to fulfill the graduation requirements within the optional credits to a maximum of 11 and 3 respectively. Depending on the different requirements of the four school programs, the number of possible SICs used as optional credits may vary.
