## **COMMUNITY RESOURCE PERSONS**

### **Preamble**

The Board encourages the enrichment of curriculum by inviting persons from outside the school with special knowledge, talents, or an interesting vocation, to address students. The time available from the resource person and the limitations imposed by the regular schedule must be considered when arranging for speakers. Approval for each such visit or program must be given by the Principal. A professional staff member must be present when these community resource persons are working with the class.

### **Controversial Speakers**

If a speaker has a topic or presentation that is deemed to have education merit by the Principal, yet at the same time contains an element of controversy, the matter will be discussed with the Superintendent's Department. The Principal or designate will be present at such presentations, and may adjourn the presentation at any time if the material being presented is deemed to be detrimental to the students.
