PUBLIC SOLICITATIONS IN THE SCHOOLS

The Board approves the placing of UNICEF boxes in schools during the last week in October and the distribution to students of poppies with respect to Remembrance Day by Canadian Legion representatives. Principals will make specific arrangements with the respective organizations.

Other charitable solicitations in or on school premises by the public will be allowed only at the discretion of the Principal. The Principal should be mindful that the purpose of the school is for the education of pupils and as few interruptions as possible should be allowed. (See also DEA, DKC, KEA, and KG)
