EMERGENCY USE OF SCHOOL FACILITIES

In the event of emergency situations affecting the welfare of the citizens of the School Division, the services and/or facilities of the Division will be made available to assist with the situation.

Every effort shall be made to minimize any disruption to the school system, and in the event that long term support is required, the full responsibility of the School Division to its students shall be maintained.

Public requests for emergency support from the School Division should be directed to one of the Senior Administrative staff (Superintendent, Assistant Superintendent) or in their absence a member of the Board of Trustees.
