DISRUPTION OF SCHOOL OPERATIONS

Students who engage in activities that result in a disruption of school operations are in violation of divisional policy and will receive an immediate suspension in addition to any suspension for accompanying violations of other school policies as determined by administration. In addition, students who contravene this policy are in violation of the *Public Schools Act* which states: "No person shall disturb or interrupt a school, a class in a school, or an activity of a school by his or her actions on school premises or in close proximity to school premises." Students suspended under this category will not be readmitted to school until after meeting with the Superintendent's Department. [PSA 231(2)]
