STUDENT PHOTOGRAPHS

The taking of student photographs on a yearly basis or otherwise, and the choice of the photographer, shall be at the discretion of each Principal.

When arrangements have been made for the taking of photographs, the students and parents must be made aware of the cost, and that the taking or purchasing of pictures is optional.

When the same photographer takes pictures in two or more schools in this Division, students and parents must be informed that the family plan price is available. The Principals concerned may decide which school will receive payment for the pictures and how the commission will be shared.
